

Lou Reed, Something Happened

Something happened
I just don't understand
Something happened
It's making me feel mad

Something happened, you don't hear about
Oh, please that never did before

Something happened
I just don't understand
Something happened
I just don't understand
Something happened
It's making me feel mad, oh

I never saw this on TV
I never read it in no book
ahh

Something happened
I just don't understand
hey, baby, something happened

I just don't understand
something happened
I just don't understand
something happened
I just don't understand
something happened
I just don't understand
something happened

Something happened
I just don't understand
Something happened
It's making me feel mad

I thought I knew a lot of things
but I don't know a thing, oh, oh, oh

Something happened
I just don't understand
The things I hear and see
don't seem the same
The things I touch and feel
are forever changed

I've never felt this way before
and I hope I never do again

Something happened
I don't know why or when
oh, something happened

I just don't understand
something happened
I just don't understand

Doo, doo-doo, doo-doo, doo-doo-doo-doo
something happened
Doo, doo-doo, doo-doo, doo-doo-doo-doo
something happened
Doo, doo-doo, doo-doo, doo-doo-doo-doo
something happened

Doo, doo-doo, doo-doo, doo-doo-doo-doo
