

# Louis Armstrong, I Get Ideas

When we are dancing  
And you're  
Dangerously near me  
I get ideas  
I get ideas  
I want to hold you  
So much closer  
Than I dare do  
I want to scold you  
'Cause I care more  
Than I care to  
And when you touch me  
And there's fire  
In every finger  
I get ideas  
Yyes I get ideas  
And after  
We have  
Kissed goodnight  
And still you linger  
I kinda think  
You get ideas too  
Your eyes  
Are always saying  
The things  
You're never saying  
I only hope  
They're saying  
That you  
Could love me too  
For that's  
The whole idea  
It's true  
The lovely idea  
That I'm falling  
In love with you  
We have  
Kissed goodnight  
And still you linger  
I kinda think  
You get ideas too
