

Louis XIV, Free Won't Be What It Used To Be

Why do I have to be such a drag?
Or am I just spitting venom?
Maybe I'm just out of line
If I haven't yet, baby just give me time

Did it break your heart?
Do I break your heart?
Put a needle in my vein and I fall apart
Put a needle in my vein and I fall apart
Is it something you miss?
Did you sign up to die for this?
Watch your soldier the human cause
The general gave the order because the politicians want some money for alls
Corruption kills

Greed kills the young at heart
Put the cash in their hands and they fall apart
Why do I have to be such a drag?

Or am I just spitting venom?
Maybe I'm just out of lines
If I haven't yet, baby just give me time

Did it break your heart?
Do I break your heart?
Put a needle in my vein and I fall apart
Put a needle in my vein and I fall apart
Will you die in the sand?
Will you die in the hands of the men that never knew you?
Corruption kills the young at heart
Ahhhhhhhhhhhhhhhh

Is it something you miss?
Did you sign up to die for this?
Watch your soldier the human cause

Used to be
(That you didn't)
Used to be
Stick a knife in his heart
He stuck a knife in his heart
Put a needle in my vein and I fall apart
Put a needle in my vein and I fall apart
