

Love, Colored Balls Falling

Verse 1:

As I sit here thinking
Wondering where I am
Knowing that I could be here but I just sat
That's where I'm at

Verse 2:

People walk the shadows
Falling stars appear
Other blinding matches come with their cats
That's where I'm at

Bridge:

I could never go there
It's too close far behind
Hope I never see you
So I won't go run and hide
