

Love, She Comes In Colors

Verse 1:

A thought in my head, I think
Of something to do
Expressions tell everything
I see one on you

Chorus:

Whoa-oh-oh-oh, my love she comes in colors
You can tell her from the clothes she wears

Verse 2:

When I was invisible
I needed no light
You saw right through me, you said
Was I out of sight?

[repeat chorus]

Verse 3:

When I was in England town
The rain fell right down
I looked for you everywhere
'Til I'm not around
