

# Love, You Are Something

You are something to me  
But just what it is I don't know  
But you do something to me  
You're driving me straight through the floor  
Even if it should snow  
Still I want you to know love love  
Come on, come on  
They are something to me  
I'm thinking about them today  
That they took something from  
You want it back from them today  
And if you want to stay  
We won't drive you away  
Oh, Jay, come on, come on, play  
Even if we should go  
Still we want you to know  
Oh, oh  
That you are something to me  
But just what it is I don't know  
But you do something to me  
You're driving me straight through the floor  
Even if it should snow  
Still I want you to know  
Love love, come on, come on and love
