

# Lovex, End Of The World

Terror in the eyes of a child  
Weapon in the arms of a woman  
Survival in the heart of a killer

And here we are  
Seeking for a revolution

But after all  
Is there anything left to be amended?

It will all be over any second now  
Dont wait for tomorrow  
Do us a favor and stop the dreaming

So, it's the end of the world  
It's the end of the world  
Hey, it's the end of the world

Smoke blocking the sun  
Dust fading the shade of green  
Can you now see the true colors

Of who we are?  
Were the essence of pollution

And face the truth  
Were too late to be purified

It will all be over any second now  
Dont wait for tomorrow  
Do us a favor and stop the dreaming

So, it's the end of the world  
It's the end of the world  
Hey, it's the end of the world  
It's the end of the world

And its here  
The day before tomorrow

After all  
We're too late

It will all be over any second now  
Dont wait for tomorrow  
Do us a favor and start believing

So, it's the end of the world  
It's the end of the world  
Hey, it's the end of the world  
It's the end of the world

The end of the world  
The end of the world
