## Low, Just Stand Back

I can't decide And I can't hide They've got my mind It's a waste of time

Here comes the knife You better just stand back I could turn on you so fast

It's a hit It's got soul Steal the show With your rock and roll

With a swing like that You better just stand back I could turn on you so fast

Just like diamonds in your hand I'II just cut you in the end

One more step And I'Il slit your neck You'Il be used to it You better just stand back I could turn on you so fast I could turn on you so fast Just like diamonds in your hand I could turn on you so fast I'Il just cut you in the end I could turn on you so fast
