

Luba, 'between The Earth And The Sky'

Heaven
hard to reach you
with the ground beneath
giving into
somewhere
under deep blue
over land and sea
we never knew
a room with a view
Oh, you and I
between the earth and the sky
Oh, you and I
between the earth and the sky
Heaven
underneath you
drawn into a vacuum
limbo is a strange place
in the middle but
never halfway
somewhere under deep blue
over land and sea
I know I will be with
I will be with you
repeat chorus
