

# Luba, Wild Heart

I need some space  
I need some open air  
to breathe  
got to have it  
got to fill my soul  
and I  
never knew that it was  
in my blood  
I know it might sound silly  
but I  
would never deceive you  
but it stings  
like a thorn  
in my side  
can't help it now  
can you feel it pound  
can you hear the sound  
of my wild heart  
(chorus)  
beat like a whisper  
beat like a drum  
beat in a place  
as big as the sun  
and I will return  
if you let me run  
I'm a wild wild one  
I need some grace  
I need some  
understanding  
got to have it  
got to fill my soul  
and I never knew  
that it was in my blood  
I know it might sound silly  
but I  
would never deceive you  
but it is something more  
than just a wild wreckless  
upheaval  
and it stings  
like a thorn  
in my side  
can't help it now  
can you you feel it pound  
can you hear the sound  
of my wild heart  
repeat chorus  
beat like a whisper  
beat like a drum  
beat in a place  
as big as the sun  
and I will return  
if you let me run  
I'm a wild heart  
Oh, I'm a wild heart  
Yes, I'm a wild heart  
Hey, let me run  
let me run
