

Lucas & Steve, Say Something

i've been down every road
every city seen every view
chasing the stars in the back
of my cargo I had a few
cross every city you know
I would

why wouldn't I it's just so good
every road, every river

I travel leads back to you
Ooh, darlin' say something,
when let me steal one kiss
darlin' sweet-loving
when it feels like this
cross every city you know

I would

why wouldn't I it's just so good
Ooh, darlin' say something,
Ooh, darlin'

Hey!

Ooh, darlin' say something,
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know

we keep on kissing like nobody
is watching us in the crowd
my youth is with you now I am facing
the truth which is said all down
cross every city you know
I would

why wouldn't I it's just so good
but I am finally here with you

Ooh, darlin' say something,
let me steal one kiss
darlin' sweet-loving
when it feels like this
cross every city you know

I would

why wouldn't I it's just so good
Ooh, darlin' say something,
Ooh, darlin'

Hey!

Ooh, darlin' say something,
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
Ooh, darlin' say something,
Ooh darling, I know I know
