

Lucid, I Can't Help Myself

i cant help, i cant help myself

(x5)

i remember the times,

i cant leave from behind and i can't let go

i can't help myself, i can't help myself

can't escape from my mind,

there's also times when i can't let my feelings show

i can't help myself, i can't help myself

i can't help myself

i can't help myself

i remember the times,

i can't leave from behind and i can't let go

can't escape from my mind,

there's also times when i can't let my feelings show

days are gone now, when i seem so lost,

stay with me till morning comes

until morning comes...

i can't help myseeeeeeeeeeeeeeeeeeeeeeeelf

i can't help myself, i can't help myself

i can't help myseeeeeeeelf
