

# Lucinda Williams, Unsuffer Me

Unlock my love  
And set me free.  
Come fill me up  
With ecstasy.

Surround my heartbeat  
With your fingertips.  
Unbound my feet.  
Untie my wrists.

Come into my world  
Of loneliness,  
And wickedness,  
And bitterness.

Unlock my love.

Unsuffer me.  
Take away the pain.  
Unbruise, unbloody.  
Wash away the stain.

Anoint my head  
With your sweet kiss.  
My joy is dead.  
I long for bliss.

I long for knowledge  
Whispered in my ear.  
Undo my logic.  
Undo my fear.

Unsuffer me.

Unlock my love  
And set me free.  
Come fill me up  
With ecstasy.

Unsuffer me.  
Take away the pain.  
Unbruise, unbloody.  
Wash away the stain.

Surround my heartbeat  
With your fingertips.  
Unbound my feet.  
Untie my wrists.

Come into my world  
Of loneliness,  
And wickedness,  
And bitterness.

Anoint my head  
With your sweet kiss.  
My joy is dead.  
I long for bliss.

I long for knowledge  
Whispered in my ear.  
Undo my logic.  
Undo my fear.

Un suffer me.
