

Lucinda Williams, Where Is My Love?

Where - where is my love
Where - where is my love

Is my love in Helena
Eating sweet potato pies
Sure as hell won't be tellin ya
Even as much as a little white lie

Is my love in Tupelo
Whisperin down the blues
Knowing things he shouldn't know
And givin away what he cant use

Where - where is my love
Where - where is my love

Where - where is my love
Where - where is my love

Is my love in Birmingham
Making honey from the bees
Over joyed to be my man
And rollin up his flannel sleeves

Is my love in Gainesville
Pretty, radiant and warm
Drinkin whiskey til hes had his fill
Inspired by a summer storm

Where - where is my love
Where - where is my love
