

# Lucky 7, California Girl

With the ragtop down, starlit sky, pretty little blue gleam in her eyes  
Shes my california girl

I saw her about a month ago  
Long blonde hair and a turned up nose  
Her eyes shined like a diamond ring  
She looked at me and I gave her a smile  
Asked her if we could hang for a while  
Just cruise in my caddy with me

(Chorus)

Cause shes so fine  
And I wanna make her mine  
I hope tonight I will see her  
With the ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl  
Ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl

Summertime is always the best  
Hanging out chilling with my friends  
Drinking juice, making memories  
But summertime will never be the same  
Until that smile falls on me again  
Oh yeah  
Do you know what she means to me

(Chorus)

Cause shes so fine  
And I wanna make her mine  
I hope tonight I will see her  
With the ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl  
Ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl

It bothers me when I cant be  
There by your side  
Let this last forever  
Why sit alone  
When we can be together...

With a ragtop down  
Starlit sky  
I hope tonight I will see her...

With a ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl  
Ragtop down  
Starlit sky  
Pretty little blue gleam in her eyes  
Shes my california girl

My california, california

California girl
