

Lucky 7, Crash And Burn

You say life has cut you out,
In a world complicated,
But this time, you'll find out,
That it's all over rated.

You do everything to change your life,
No reflex on turns,
But I'll do anything to make you crash at birth.

It's all you need, it's all that you've known,
And I'll make your heart bleeds,
And I'll leave you all alone,
It's all you need, it's all you ever known.

In your mind, you picture this,
You're not alone, you're back with a friend,
You give your life for what you missed,
To no one to feels like to breath again.

You do everything to change your life,
No reflex on turns,
But I'll do anything to make you crash at birth.

It's all you need, and all that you've known,
And I'll make your heart bleeds,
And I'll leave you all alone,
It's all you need, it's all you know.
(Woooooooooooooooooooo - Back Vocal X2)
