

Lucky 7, Took My Heart

You look into my eyes
Then u realize
for all the tears you've cried
I've been right by your side
But you dont understand
all i did was plan
try to be your man so then u cant deny it

cuz when I'm falling down
i need much more than a friend
and u took my heart again

Well now you have the time
to sum it in your mind
and maybe you will try
to see the other side
But you don't wanna be
what you mean to me
Refusing to believe that
I'm the one you love

and when I'm falling down
you mean much more than a friend
and you took my heart again!
You took my heart again

Cuz you took my heart again
you took my heart again
well you took my heart again

I feel I'm falling down
Cuz you mean much more than a friend
and you took my heart again

you look in to my eyes then you realize
for all the tears you've cried
I've tuned my heart inside and you don't understand
All I did was plan try to be
your friend but you took my heart again
