

Lucky Dube, Peace, Perfect Peace

We cry for peace, perfect peace
Lord, we cry for love in this neighbourhood
I tell you no water can put out this fire
Only the lord can save us
We cry for peace in South Africa

Let me tell you we cry for peace in South Africa

We cry for peace, perfect peace
Lord, we cry for love in this neighbourhood
Let me tell you no water can put out this fire
Only the lord can save us
We cry for peace in South Africa
Let me tell you we cry for peace in South Africa
