

Lucy Street, Loverboy

If you would be my loverboy
There's so much that we could enjoy
If you were here with me
If you were my loverboy

I reach out to touch you
But you're not there with me
Oh, I must have been dreaming
Thinking about you
And how you make me feel, oh
Yes if we were one, together
Things would work out only for the better
Then I wouldn't be here
Wouldn't be here by myself

How I wish that you would notice me
As I'm trying to get to you
How I wish that you could see
All the things that we could do

If you would be my loverboy
There's so much that we could enjoy
You'd make my dreams come true
So tell me what you want me to do
And I will do it to you
If you would be with me tonight
I would hold you tight
And show you what I'm about
Oh baby I swear
If you were my loverboy

I picture myself
Lying in my bed next to you
With your arms around me
I tremble of excitement
Oh, how I wish you would come true
But no no, when I turn out the lights
No no, you ain't with me tonight
No no no, you're not by my side, oh no

How I wish you would notice me
As I'm trying to get to you
How I wish that you could see
All the things that we could do

If you would be my loverboy
There's so much that we could enjoy
You'd make my dreams come true
So tell me what you want me to do
And I will do it to you
If you would be with me tonight
I would hold you tight
And show you what I'm about
Oh baby I swear
If you were my loverboy

If you would be my loverboy
There's so much that we could enjoy
If you were here with me
If you were my loverboy
