

Lucy Walsh, September

In a sentence
Where we left it
We feared no wreckage
But we feared we'd lose it

In a sentence
How we faced it
We'd fall so helpless

Chorus:

There's no a lot
That i can say
That i can do to keep you
If I could have
Could only have another chance to reach you
Well, I'll keep on holding
Keep on holding on
Its been too long
Septembers gone
Can you see me
In the place where you left me
It feels just like when we were here
When we were here

Chorus:

There's no a lot
That i can say
That i can do to keep you
If I could have
Could only have another chance to reach you
Well, I'll keep on holding
Keep on holding on
Its been too long
Septembers gone
But if it was you
Couldn't have been me
If I'd only knew
Why did you not tell me

Chorus:

There's no a lot
That i can say
That i can do to keep you
If I could have
Could only have another chance to reach you
Well, I'll keep on holding
Keep on holding on
Its been too long
Septembers gone
