

# Ludo, Go-Getter Greg

Oh, hello.

Hi

You must be new I guess

At least you're new to me

Saw you unpacking your car

So I said to myself

Maybe I should help her out

Since we're neighbors now

And all the other people here are elderly

And probably a little standoffish

And I've got nothing to do (and whatnot)

By the way I live in 207

My name is Greg

Wherever are my manners

Let me get that heavy box

I'm a go-getter guy

With a gun on my hip

I'm just searching for that someone

To be firing it

I've narrowed down the field

And I'm taking a glance

And I'd say you've got a pretty good chance

To be my girlfriend

What's up

Didn't mean to sneak up on you there

I looked downstairs and saw you leaving

So what's up

I haven't seen you at the pool

Since the barbecue

Not that I've been checking

Here's the deal

I've got this thing

For work this weekend

And I was wondering

If you don't have

Anything going on

That maybe

Ok, hey that's cool

You're busy

But we should hit up

Jose O'Flannegens

For jello shots

Your call

It's ok not this week

But Monday

You could come over tonight

I'll be watching cop dramas

Smoking fatty fatties

I'm a go-getter guy

With a gun on my hip

I'm just searching for that someone

To be firing it

I've narrowed down the field

And I'm taking a glance

And I'd say you've got a pretty good chance

To be my girlfriend

(Oooo) I've given it some thought

(Wahoo) And I really think

(Wahoo) That you could use

A guy like me

(Oooo) In your life  
Looking after you  
A man to take you home  
A hand for you to hold  
And I'd never  
Leave you alone!

I'm a go-getter guy  
With a gun on my hip  
I'm just searching for that someone  
To be firing it  
I've narrowed down the field  
And I'm taking a glance  
And I'd say you've got a pretty good chance

I'm a go-getter guy  
I'm a go-getter guy  
I've narrowed down the field  
And I've taken a glance  
And I'd say you've got a pretty good chance  
Chance  
Chance  
To be my girlfriend

I'll leave it there  
Call me back  
Call me back
