

# Ludo, The Horror Of Our Love

I'm a killer  
Cold and wrathful  
Silent sleeper  
I've been inside your bedroom  
I've murdered half the town  
Left you love notes on their headstones  
I'll fill the graveyards  
Until I have you

Moonlight walking  
I smell your softness  
Carnivorous and lusting  
To track you down among the pines  
I want you stuffed into my mouth  
Hold you down and tear you open  
Live inside you  
Oh, love I'd never hurt you

But I'll grind against your bones  
Until our marrows mix  
I will eat you slowly  
Ohhhhh  
The horror of our love  
Never so much blood pulled through my veins  
Ohhhhh  
The horror of our love  
Never so much blood

I wake in terror  
Blackbirds screaming  
Dark cathedrals spilling  
Midnight on their alters  
I'm your servant  
My immortal  
Pale and perfect  
Such unholy heaving  
The statues close their eyes  
The room is changing  
Break my skin  
And drain me

Ancient language  
Speak through fingers  
The awful edges  
Where you end and I begin  
Inside your mouth  
I cannot see  
There's catastrophe  
In everything I'm touching  
As I sweat and crush you

And I hold your beating chambers  
Until they beat no more  
You die like angels sing  
Ohhhhh  
The horror of our love  
Never so much blood pulled through my veins  
Ohhhhh  
The horror of our love  
Never so much blood

You're a ghost, love  
Nightgown flowing  
Your body blue and walking

Along the continental shelf  
You are a dream among the sharks  
Beautiful and terrifying  
Living restless  
We dance in dark suspension

And you bury me  
In the ocean floor beneath you  
Where they'll never hear us scream  
Ohhhhh  
The horror of our love  
Never so much blood pulled through my veins  
Ohhhhh  
The horror of our love  
Never so much blood
