

# Luka Bloom, Rainbow Day

I want a simple life  
Try to be a good man  
Never want to hurt nobody  
Tread lightly on the land  
I forget about the future  
Squeeze the juice out of the day  
And when I feel unsure  
That's when I like to pray

And if I find love along the way  
If I find love, it's a rainbow day

Out among the creatures  
I come into my own  
I love to hide my little secrets  
In the bushes and the stones  
It's the simple pleasures  
Always come back in the end  
Like a night of sweet, sweet music  
With my family and friends

And if I find love along the way  
If I find love, it's a rainbow day
