

Lumidee, Did You Imagine

Did You Imagine We Would Ever End Up Like This,
Did You Imagine I Would Ever Long For Your Kiss

Something Just Told Me
Go Ahead And Walk That Way
And I See Your Face
Inseperable We Were
Ever Since The Day
Yes Its No Mistake

So I Wondered If, You Ever Ever Ever Dreamed That This Could Be You
Right Here In This Place
And I Wondered If, You Ever Ever Ever Dreamed That This Could Be True
Yes It's No Mistake

Did You Imagine We Would Ever End Up Like This,
Did You Imagine I Would Ever Long For Your Kiss [X2]

I've Grown To Love You In Such A Special Way
In My Heart Always
I've Never Felt A Love Baby Not This Way
Promise Me Don't Change

So I Wondered If, You Ever Ever Ever Dreamed That This Could Be You
Right Here In This Place
And I Wondered If, You Ever Ever Ever Dreamed That This Could Be True
Yes It's No Mistake

Did You Imagine We Would Ever End Up Like This,
Did You Imagine I Would Ever Long For Your Kiss [X2]

Just Wanna Be With You Baby
You Hold Me
And You Change My Sadness
I'm Happy Not Lonely [X2]

Did You Imagine We Would Ever End Up Like This,
Did You Imagine I Would Ever Long For Your Kiss [X2]
