Gotta lotta shit with you when I'm loving persona Mama

Always love to get with you whenever

u need me, mama holla

How you check me, can you give me the oochie walla walla

Swallow a couple shots of Jag and make a dolla

Lil' mama in the crib with a poke to complete your scalla

Talk about an example of a shorty that might need to prowla

Got a chick in the bug, it come with a little shoppahora

Take you to the Caribbean down the Carolina

To the Mediterranean and enjoy the water

When the role is wacky, you keepin' me stocky

Takin' care of this super Mike

When you check on your Papi

When you're right baby, hug me with all your might

And put it on, cause you know it's on tonight

Break up or make up, you know we I'm gone

when you find an empty ride

we will be together and still be bright

[Lumidee]

Never ever wanna let you go

Tell me what you're feeling, cause I want to know

If you're around, you know I'm down

I'll be that girl that keeps you around

I'm only here, just because

It feels good, say enough to keep you right

Believe your love

I never thought you'd be the one that make me shine

brighter than the sun

There ain't no ups and downs

No in and out, you're here right now

[Chorus]

If you want me to stay, I'll never leave

If you want me to stay, we'll always be

If you want me to stay, love endlessly

If you want me to stay, if you want me to stay

I'll never leave you

Uh oh, Uh oh, Uh oh, Uh oh

[Fabolous]

Fabulous (uh), Lumidee

I ain't never gon' believe

Whoever gonna leave

You feel so good on my arm

Somethin like the baseball jacket with a leather on
the sleeve

All flooded Tommy's that cost seven hundred g's

You lovin', hate the type that love everyone to see

Baby girl, go down like she never wanna breathe ,whoo!(uh oh)

I got a playa right, cause this kid don't usually let them stay tonight

And when I know you wrong, I say it right

And when I wanna say no, I say I might

Cause it's real talk, you know it ain't another
And anytime I'm gone, you know I'm thinkin of you
And anytime you need, you know I got you covered
You know none of the others do what I does
I keep your rocks bluer than hers
Keep your shoes newer than hers
And I do it because, uh
