

# Lumidee, Go With Me

(feat. Handsome Joe)

[Chorus]

Won't you go with me, I could take you places you wanna be ,I could take you there, take you everywhere  
baby that you not scared, I could take you there.

[Verse 1]

I swear you had me opened  
till the point of no return

you thought I would've learn from the broken hearts that burn but this was different I didn't throw myself  
usually with that shit you know it'll never last, see I'm a lady, so I present myself with class I see myself  
get dipped and dashed, remember me boo I used to row with naughty crew and had that attitude I was  
baby than now I'm your lady frined, I wanna show you the new ways that I presence, see everything  
you wanna know than baby we could roll I'll show you all my different floats, see I'm about this game  
fame, and yet I choose you cause I don't really fuck with lames, Love to be your only dame and no  
never switch in lanes, who knows where this could go if you do feel the same. (Feel the same) (Feel the same)

[Chorus]

Won't you go with me, I could take you places you wanna be ,I could take you there, take you everywhere  
baby that you not scared, I could take you there.

[Verse 2: Handsome]

mm, mm, mm Baby girl the best thing is just to let your feelings go, I wanna get to know you intellectually  
sexually. Types of dreams but never came true look all you gotta do is open up boo and show me i  
and blue forget about a homie or two, Is only a few that could vibe with you, you see me I'm like a t  
the streets in the night and you, you like to stay home, but me I'm at the zone. Look trying to figure  
about huh, I'm still a cabron , I put that on my own look you could hold me down ma, I take you out  
that,SO you could be the one that has my only son, that grows to be a man, I put that on my right  
understand, I'ma holla at you later girl, I promise you would great the world, now take ie home and

[Chorus]

Won't you go with me, I could take you places you wanna be ,I could take you there, take you everywhere  
baby that you not scared, I could take you there.

[Verse 3]

SO you never had a girl that's a precious as a pearl and at the same time whylin out against the world  
yeah, I got that stuff yeah, you stick around long enough, would you see what's up, yeah, you got  
about you, cause I'm hanging around here all on a good view, like can you be true blue your words  
be the type to make me catch a quick flu, and if you catch a case I feel like sticking it through, are y  
that's gonna take it through, are you the kinda guy that's gonna take me high and have me saying v  
lie, don't let that pass relation bullshit get in my eyes, you thinking we could rise, than baby we coul  
having worries push it all aside and if at the end it works out is all because we tried and if you looki  
know with me you find

[Chorus]

Won't you go with me, I could take you places you wanna be ,I could take you there, take you everywhere  
baby that you not scared, I could take you there.
