Listen baby Ive been around

I know that you like how I wear my crown

I know that I'm sumthing' that's so profound

So far what I'm hearin' look I like the sound

Everybody's talkin' about it

We could be talkin' why would u doubt it

Ya palms are sweaty and ya heart starts poundin'

This is what yuh feelin'

Tell meh about it !

Tony Sunshine:

She's like the wind

Thru my trees

(baby yea. baby yea)

She rides the night

Next to me

Like u wont believe (No)

She leads me thru moonlight

Only to burn me with the sun

Damn it I believe she knows

She's taken my heart

She doesnt know what she's done

Baby please

I feel her breath in my face (baby I can feel)

Her body close to me (her body close to me)

Cant look in her eyes (cant look in your eyes)

She's outta my league (she's outta my league, oh)

Just a fool to believe

She got anything I need

She's like the wind

Lumidee:

If u can't conceive with nothing

Cause u just let it be its nothing

Look we just hangin' around

Sneakin' a look

When I can just put you down

Tony Sunshine:

Girl I look in the mirror (what u see what u see)

And all I see (tell me what u see girl, tell u I can feel this baby)

Is a young old man with only a dream (ooo oh oh)

Am I just foolin' myself (yea)

Thinkin' she'll stop the pain (yes she will yes she will)

Livin' without her

Damn it I believe she knows

I Feel her breath on my face (baby I can feel)

Her body close to me (her body close, yes I do)

Can't look in her eyes (can't look in her eyes)
