

# Luna Halo, Aliens

contact in my head  
with these aliens  
pursuing my control  
how did I let in  
these poison thoughts again  
can I finally let them go

come step inside my mind  
come step inside my mind

I'd give everything  
to be myself again  
but I need your eyes to see  
sometimes I'll admit  
i purposely forget  
pretend I left it all behind me
