

Luna Halo, Wasting Away

Watch my world fade to black
If you're not coming back
Put my heart in the ground
Where I'll never be found

And I'm Wasting Away
Wasting away
Wasting away tonight
Tonight

Shattered dreams fill the night
Promises turned to lies
Dust to dust in the earth
Feed my soul to the worms

And I'm Wasting Away
Wasting away
Wasting away tonight
Tonight
