

# Lunandscape, Love Leather

Leather in rome  
Leather in rome  
Back on the scene  
We're all alone  
Back in a roman jail  
Feathers of foam  
Feel like I need  
To live on my own  
But your hands love me

Longdrinks in rome  
Feed me with your zoul  
Love and joy  
Love and jealousy in rome

Murder in rome  
Murder in rome  
Blood on the scene  
Now you're all gone  
Your eyes colour me  
In the rain  
I see your face  
On a wall in rome

Longdrinks in rome  
Feed me with your soul  
Love and joy  
Love and jealousy in rome  
Longdrinks in rome  
Feed me with your soul  
Love and joy  
Love and jealousy in rome  
Loved you

Lost you in rome  
I won't cheat you in dreams.&lt;/p&gt;
