

# Lupe Fiasco, Spaze Out

[Lupe: Talking]

The uprising has begun,  
The revolution is here,  
The propaganda will be smashed,  
Your establishment will be shaken to the core,  
A new regime is being ushered in on the back of the people,  
We will not be held down any longer,  
This is a new day. Yeeaaa, spaze out.

Fiasco  
Fiasco

Uh, Uh, Uh,  
The revolution is here, a evolution of years.  
The building of skills now my brilliance is clear. Chea!  
The anointed one to point a gun that's been appointed by the slums  
to make u get it, show u how to get it done.  
Get a gun if u got it, tuck your chain, remove your watches,  
brush up on your slang and your knowledge,  
Just acquaint yourself with making wealth, join a gang,  
pick a system, take it hostage,  
stuff your shoes, get a white tee, say hello to the impoverished.  
not completely poor, but they are completely more  
in the mist of getting missed and getting pissed and takin' yours.  
What u shakin' for, you scared? Naw.  
well I'm just makin' sure  
no cowards will not take this cause.

[Chorus:]

Spaze out (O really now)  
Spaze out (O really now)  
Spaze out (O really now) [x3]  
Spaze out (O really now)  
Spaze out (O really now)  
Spaze out (O really now) [x3]

No problem we will take wit force,  
We properly will break em? off  
Got em lead em freed em teach em rape em make em take em off,  
Look homey run your chain  
Not the one that's on your neck,  
but the one that's on your brain  
that they use to keep in check,  
Rebels that don't have a cause  
The devil down here doesn't pause  
so u gotta keep it movin'  
so the movement doesn't fall.  
And this consistent white and black and all  
that's tired of frontin'? tired of jumpin' for the man  
every time he ask for sumthin, NO.  
don't they think they got ?em drinkin?, smokin? just to fit in  
women that think they gotta screw the owner just to fit in, NO.  
the overlooked and undercared, its over look  
the son is here, they unprepared, so we took them unawares!

[Chorus:]

Spaze out (O really now)  
Spaze out (O really now)  
Spaze out (O really now) [x3]  
Spaze out (O really now)

Spaze out (O really now)  
Spaze out (O really now) [x3]

Get ready its about to change,  
things might never be the same,  
u might never be the king coup! (Coup)  
as long as they release the reigns,  
if u think that we are playin,  
watch us leave here with a bang BOOM!  
Be careful cause theres thinkers here,  
most the crooks are slingers here,  
who know the tricks and know the books  
and what took to bring us here.  
Now, a coup is in effect u serpents of the throne,  
bring a bird for the next and a murder of the known.  
The propagandas ugly the truth is on its way.  
This is a lot felt, they just didn?t know how to say.  
They mouth is here, the stakes is high, the doubt is here,  
the threat is real, they cant survive what we are about to do!

[Chorus:]  
Spaze out (O really now)  
Spaze out (O really now)  
Spaze out (O really now) [x3]  
Spaze out (O really now)  
Spaze out (O really now)  
Spaze out (O really now) [x3]

[Lupe Talking:]  
Pimp the system.  
Things are never gonna be the same.  
FNF full reign.  
First and Fifteenth.  
Chea.
