

# Lush, Lovelife

(Anderson)

You are the one  
In your concrete arms I adore you  
Dirty and dear  
Block out the sun  
In your twists and turns I invade  
You show me no fear

We blow around like tiny leaves in a big storm  
Finding there's nothing left to breathe or to keep warm  
You ebb and flow and your rhythm beats my head  
Leave me alone while you swallow up your dead

You are the one  
You cradle me and kill  
Caressing my face

Leave me undone  
You suffocate and have me  
This is the place

Every door conceals a dream and a nightmare  
Nothing is ever really pure in the stale air

And when it's dark everything becomes more clear  
Lie in the park when I want to have you near

You are the one  
In your concrete arms I adore you  
Dusty and dear  
Block out the sun  
In your twists and turns I invade  
You show me no fear

Left it unsung  
I shall leave but I'll return  
Poison my lungs, my blood is full of lead  
Things unsaid  
My love for you still burns
