

# Lush, Scarlet

(Anderson / Berenyi)

Nothing can eclipse  
Tender fingertips  
Youthful girlish hips  
Crimson pouting lips

But what d'you say when nothing's meant  
What d'you do when all is spent

Faithless faceless night  
Drenched in empty light  
Scarlet starlet's bright  
Vanity's delight

Cream of life you'll find in her  
First to come she's first to serve

Turned away you're out of luck  
Spurned again  
No one to fall in love
