

Luther Vandross, Forever, For Always, For Love

(Luther Vandross)

[Spoken:]

I sing this song
To remind myself that

There was a time when I
Didn't have no one
Didn't have no love
Do you remember
The love that we once had
Well, if I had the chance to love you again
I would make your heart forget I was ever bad
If we forgive the past
I know this time love would last
Forever, for always, for love
I'm not coming home anymore
Does it matter?
Well, if I had the chance to hold you again
I would fill your heart with joy
And make you know that I'm the only one for you
Let's throw the bad memories out
And make this the first day of our
Forever, for always, for love

I'd be a fool to ever change
If she said she loves the way I, I am
I'd be a fool to ever change
If she said she loves the way I am
It's gonna be starting here, starting now Yeah Yeah Yeah
Forever, for always, for love

Do it for the ones we love
And let no one
Forever, for always for love
In love
Can't help myself
Comes from my heart

[Fade]
