

Luti-Kriss, Pretty Soon, I Don't Know What, But S

Time can kill the greatest of men.
Even the strongest find themselves on the floor.
It Doesn't have to be this way.
Time keeps moving on and on.
Fragile time can not waste again.
Fragile time can't be laid to rest.
Fragile time can lead you to the grave or fragile time can start eternity.
It kills their walk, I watch them wash away.
Its all worth while.
Time goes on.
