

# Luxt, Under Your Skin

Under your skin

I am unclean  
I am machine.  
I am serpent  
Know where I've been?

I am impure  
I am dirt-core.  
I am reptile  
Screaming stillborn

Smooth, under the wire  
Bruise with a desire

Truth, starting to tire  
Lose, what once was  
Inspired

Under your skin  
Under your skin  
Under your skin  
Under your skin

You

I am now a part of you  
And you cannot stop me  
I am now a part of you  
I am in control of you

You never will be alone  
Not even in your head  
Each time you'd hope I was gone  
Or wish that I was dead
