

Luxt, Vulgar Monkey Love

As monkey see, so monkey do.
Monkey do others just like he done you.
Birds of a feather, flock off together.
To the sunset another to kill, steal or screw.
The needle rips, to the night licking lips.
On the knees of the runaway- asphalt's caress.
The holy water, floods their sons and daughters,
From the priest's throbbing altar so bloody and blessed.

The engine screams, the chance of extremes,
And speaks in a language the young understand.
It's been the same, torn purity's name,
And it will echo through the ending of man.

As monkey see, so monkey do.
Monkey is mother to the eternal screw.
What monkey wants, monkey will take.
Monkey refuses to admit his mistakes.

The monkey grows, into himself.
Swallow us all til' he's bloated and blue.
Monkey don't see, what monkey do.
Do unto monkey, before he do you.

Rape, my heart, it's wasted, on one more like you.
Take my soul, deface it's what you're going to do.

Cause I know you

As monkey see, so monkey do.
Monkey do others just like he done you.
Birds of a feather, flock off together.
To the sunset another to kill, steal or screw.
The monkey grows, into himself.
Swallow us all til' he's bloated and blue.
Monkey don't see, what monkey do.
Do unto monkey before he do you.

Rape, my heart, it's wasted, on one more like you.
Break my love, deface it's what you're going to do.

Cause I know you.
