

# Lydia Lunch, 3X3

How does, who does, do we choose one  
why can't I have more than one  
to see to say to do what to  
see you once a daydream stay too...  
why can't you see what I'm saying  
why can't I have more than one  
She can't, doesn't want to see me  
hanging on your every movement...  
Nothing can become of nothing  
I give you all you give me nothing  
why can't we just try and do it  
when it's only for a moment  
it don't last...don't go away  
nothing to do or to say  
She can't, doesn't want to see me  
hanging on your every movement...  
Do it once, please go away  
it doesn't matter anyway  
just for you to be my own  
for a moment all alone  
just as 3x3x3  
I love you and she hates me....
