Lyfe Jennings, Let's Do This Right

This ones for my people locked up Know we keep you in our prayers and aint forgot about you out here No Call me whenever you feel Cause I know a lot of folks don't keep it real I know they got their own life but still When you love someone you let them know You don't let them go It's hard enough being alone Missing your family missing your home Whether you're right or wrong I'll be by your side Keeping your hope alive I know how it feels to cry So you aint alone in your struggle for life To my people

(Chorus:)

(1st Verse:)

Hold up, Lets do this right First blaze one for all my fellas that aint here with us tonight hold up, lets do this right first blaze one for all my fellas that aint here with us tonight some of them for life

(2nd Verse:) Your kids doing just fine The youngest, reminds me of you all the time He even shoots that ugly jumper from the foul line like you do and your girl she doin ok but dont concern yourself with if she will or wont wait You'll just drive yourself crazy with stuff you cant change there's better ways to occupy your time like opening up your mind it's a troubling time out here your kids need your guidance even from in there and no matter when or where I wont abandon you cause that aint what friends do still got a lot of love and I pray to God through my actions you'll know how much

(Chorus:) To all my people who ain't coming home at all There's many children who could learn from your experience Have a heart get involved And for all my people who gonna see the streets one more time You got another chance at life Count your blessings everynight

(Chorus)
