

Lykke Li, NO HOTEL

There's no hotel
No cigarettes
And you're still in love
With someone else

It's cracking dawn
Street soaking wet
I'm on your doorstep
I'm not losing yet

Cause in the back of my mind
I'm in the back of your car
So now baby rewind
Take me back

Back in my bed
Back in my heart
Back in my
Back in my arms

Back in my bed
Under my heart
Back in my
Back in my arms

Heart beat half dead
I carry blue
With every step
I'm not over you

Cause in the back of my mind
I'm in the back of your car
So now baby rewind
Take me back

Back in my bed
Back in my heart
Back in my
Back in my arms

Back in my bed
Under my heart
Back in my
Back in my arms
