

# Lyle Lovett, Babes In The Woods

(Walter Hyatt)

Babes in the woods  
Oh which way to go  
Babes in the woods  
No one to say no  
Pretty people come to me  
Cry your heart all out  
Tell me what it's all about

Who remembers Kerouac  
What was that all about  
Right on Jack  
So long Jack  
Who remembers anything  
And who cares anyhow  
But here's to those still on the road  
And those on the road back

Babes in the woods  
Oh which way to go  
Babes in the woods  
No one to say no  
Pretty people come to me  
Cry your heart all out  
Tell me what it's all about

Pretty people hear me cry  
Cry my heart all out  
Tell me what it's all about
