

# Lyle Lovett, Why I Don't Know

(Lyle Lovett)

Was it the champagne  
Was it the caviar  
Was it her airplane  
Was it her daddy's car  
Was it the new thing  
With all the dough  
Why I don't know  
I just had to go

Was that the yacht club  
Or just a fishing boat  
Was that the leg of lamb  
Or was it a billy goat  
Was that a snail baby  
Or escargot  
Why I don't know  
I just had to go

I'm just a poor boy  
I like to have fun  
I know a pretty girl when I see one  
I've seen the real thing  
The imitation too  
So don't go telling me what to do

Was that a beer joint  
Or was that the country club  
Were we fooling around  
Or was it truly love  
Was that a foreign film  
Or just a show  
Why I don't know  
I just had to go

I'm just a poor boy  
I like to have fun  
I know a pretty girl when I seen one  
I've seen the real thing  
The imitation too  
So don't go telling me what to do

So keep your champagne  
And keep your caviar  
And fly your airplane  
Into your daddy's car  
And so you'll understand  
I'll tell you slow  
Why I don't know  
I just had to...go
