

# Lynn Anderson, Spirit Of Christmas

Oh hear the chimes ringing it's Christmas again  
With tidies of peace and good will to of men  
So greet every stranger and make him your friend for that is the spirit of Christmas  
(Christmas time oh Christmas listen it's melting your heart)  
This I know love must flow for love is the spirit of Christmas  
In Bethlehem's manger in years long gone then  
The Christ child was born so our love he might win  
So open your heart out and let him come in for he is the spirit of Christmas  
(Christmas time oh Christmas listen it's melting your heart)  
This I know love must flow for love is the spirit of Christmas  
Love is the spirit of Christmas
