

# Lynsey De Paul, Sugar Me

One for you and one for me  
But one and one and one  
Pardon me - comes to three  
Looking sweet and all the while  
Hid behind the smile was saccharine  
I'm a go between

Save me, save me  
Baby, baby sugar me  
Gotta get my candy free  
Sugar me by day  
Sugar me my baby, baby sugar me  
Gotta get my candy free  
Sugar me by day, sugar me by night  
Sugar sugar sugar sugar sugar sugar sugar

Count me in from one to two  
But nothing more or less will do  
Just me and you  
Honey sweet and harmony  
Will melt away the bitter memory  
It's gotta be

Save me, save me  
Baby, baby sugar me  
I gotta get my candy free  
Sugar me by day  
Sugar me my baby, baby sugar me  
I gotta get my candy free  
Sugar me by day, sugar me my night  
Sugar sugar sugar sugar

Save me, save me  
Baby, baby sugar me
