

M. David, Summertime

M. David - Summertime

Refren

Take every moment like it's your last
Live life with joy, put troubles behind
Your passion will follow at every step
Clear up your mind, stop looking back

zwrotka

It's summertime once again
Just slow it down and let go of strain
The only thing you have to do
Pack up your things let loose
Go on a journey towards the setting sun

Refren

Take every moment like it's your last
Live life with joy, put troubles behind
Your passion will follow at every step
Clear up your mind, stop looking back

zwrotka

Break out of rut, the time has come
Go on a journey with no map and plan
Where life unfolds, all things are new
So don't resist, don't think it through
The happiness awaits, no time to lose

Refren

Take every moment like it's your last
Live life with joy, put troubles behind
Your passion will follow at every step
Clear up your mind, stop looking back
Take every moment like it's your last
Live life with joy, put troubles behind
Your passion will follow at every step
Clear up your mind, stop looking back

aaa...

Your passion will follow at every step
