M People, Colour My Life (Original Mix)

Colour my life

Written by - Mike Pickering and Paul Heard

You're my masterpiece, my priceless friend, my inspiration, love 'til the end.
Like a ray of light, a flower in bloom, you change the day, sun and moon.

[chorus] [x2]
Colour my life, ooh child you've got to colour my life. Mmmm I said colour my life.
Fill my canvas with everything nice.

Like a cactus flower in the desert sand, an oasis of love in a desolate land, our emotions flow, paint from a brush. Sweet thing I love you oh so much.

[chorus] [x3]

Colour my life, ooh child you've got to colour my life. Mmmm I said colour my life. Mmmm I said, Fill my canvas with everything nice.
