

Machine Gun Fellatio, The Girl Of My Dreams Is

The girl of my dreams is giving me nightmares
I found her on TV now i see her everywhere
Shes got style shes got violent ways about her.
She got me so that i can't dream without her.

She's giving me nightmares!
She's giving me nightmares!
She's giving me nightmares!
She's giving me nightmares!

My bedside is loaded.
My bedside's exploded!

Hard to believe you cant get what you dream
But if you try sometimes you might find
You get what you steal

The girl of my dreams is giving me nightmares
I don't know what it means but she's got multi-colourd hair
When she stands in the sand I dream of peaches
And im not sure what that means either

She's giving me nightmares
She's giving me nightmares
She's giving me nightmares
She's giving me nightmares

People keep on staring
People keep on staring

And its one flat pick to get started
It's two flat pick to get started
My ceiling is on fire
My feelings are on fire

Hard to believe you cant get what you dream
But if you try sometimes you might find
You get what you steal

The ngirl of my dreams is giving me nightmares
And someone wrote a message on my bus:

My breakdown is coming running
Seeing's bleeding, bleeding's believing
My ceiling is on fire
My feelings are on fire
My feelings, my feelings
My feelings are on fire

Hard to believe you can't get what you dream
If you try sometimes you might find
You get what you steal
You get what you steal
