

Machine Gun Kelly, ay! (feat. Lil Wayne)

(I don't ever want to fall when I'm this high)

I wrote a letter to myself
in the form of a song I can play when the sun shines
I know better than to trust
anything that I say to myself when I'm this high

Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)
Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)

I just did an interview with my eyes closed
I just sparked a blunt it looked like pyro
Only comments I see are the bad ones
Only playlists I like are the sad ones

I let the medicine in
I know it don't help in the end
But I got depression again
I had a meeting at 7
I skipped it and slept in and woke up at 7pm

I cut my hair
off like I'm Britney
sparkle dust
like a pixie
Wipe my nose
like it's itchy
I'm tatted up,
I don't give a fuck

Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)
Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)

(LIL WAYNE v.)

When I'm this high
When I'm this high
I just looked in the mirror who is this guy
It's a full moon
Where the good shrooms
I'm too fucking high
Sound like a good school
Higher than Jehovah
High where the heaven's at
You know Ima get pulled over
Ima need a chauffer
Lean in my soda
So Ima need a shoulder
Why y'all got your noses up
I smell like guns and roses

Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)
Ay! Ay! Ay! Ay!
(I don't ever want to fall when I'm this high)
(I don't ever want to fall when I'm this high)
