So turn me on You set me free Just look inside your speakers And there you'll see me

Uh, there I go Two clicks north of the Bronx Whoever thought she would of found love in a stereo 2 headphones and a box She picks me up, every morning on the walk to school She ain't worried bout these other little kids 'Cause she told me everyday you sayin' something new And you always got the illest kicks Boom Boom tat And she takes me out, just so the block can see Told me she wanted the world to know So she makes me loud now the whole block wants me But I'm all hers and she's all mine And even though her parents don't like me inside Whenever her daddy comes around, we just hide Cause she doesn't wanna sleep without me that's why I said

Uh, and she gets older but I stay the same (Same, same) And as she grows up, her opinions change Now shes off at college Where there's other ones like me I just hope that one day she'll come back To hear another song from me But till then, I just sit in her room and collect dust Thinkin' about us Waitin' for the day she'll push my buttons And I feel her touch and get that rush (Rush, rush) But I'm not what she needs, so I power down Then right at that moment where I was found Hello, her little sister walked in Knew it was love at first sight Caught a little twinkle in her eye when I made a sound She snuck back in the same night And even though she knows that she wasn't allowed I know all she wanna do is be near me One thing is that I felt the same Wanna tell her but she can't hear me So, so, I said

So turn me on (So turn me on)
You set me free (You set me free)
