Machine Head, Alcoholocaust

[Pre-verse]
As I fall,
??
Drunken through vodka...

As I fall,
??
Drunken through vodka & cola
Chard's of glass burning the back of my head
As I turn red
All out war
Each one get on the floor
Red so hot
Follow the middle son
Concrete jump
Makes a boy look like a drunken...grrrr..ass!

[Chorus]
Everytime I cross the line, I,
Go, just leave me alone,
I'll get by on my own,
This whole world is our's,
So let's take it.

[Pre-verse]
Scrape the plate
Trust you a little bit
Face so fucked.....

Scrape the plate,
Trust you a little bit,
Face so fucked, blow out your leg, Yeah
Spinning Lies,
Make the man feel like he can't meet a superstar.
Take a hit,
Let the burn flow over you,
Flow excell,
Expand inside of you,
Cut your throat,
That'll be crazy now....
HA HA!

[Chorus]
Everytime I cross the line, I,
Go, just leave me alone,
I'll get by on my own,
This whole world is our's,
So let's take it.

[Gargled lyrics]

Everytime I cross the line
I push the boundaries out a little...

Go, just leave me alone, (Everytime I cross the line)
I'll get by on my own, (I push the boundaries out a little)
This whole world is our's,
So let's take it.
